

Welcome to the Melbourne Pen Show 2024, the longest running fair for pen and stationery collectors, users, writers and enthusiasts in the southern hemisphere.

We've got pens, pencils, antiques, stationery products, desk and writing accessories, leather goods, calligraphy supplies, and much, much more! There's lots here to see, so take your time, browse the tables, and feel free to interact. Our exhibitors are very passionate and knowledgeable about their products and exhibits, and are happy to chat, and answer questions. While not every exhibitor is here to sell, with over thirty to visit, there's sure to be something for everyone.
